

### MAIN LINE CANAL

The Main Line Canal frontage to be developed as a high quality waterfront including hard and soft landscaping, improving the towing path into the City.

### NEW BRIDGES

The plan includes three new canal footbridges and one new road bridge.

### CENTRAL PARK AND COMMUNITY CENTRE

At the heart of the scheme is a new park including a play area and providing views of the canal and the dam.

### LADYWOOD BOULEVARD

The Middleway will have a tree-lined frontage with a service road allowing housing to face onto it.

### SHOP AND HOTEL

The scheme includes a new small supermarket and a budget hotel on the Middleway.

### EDGEBASTON RESERVOIR

New footpaths will be created on the dam, making additional public space and linking the scheme to the reservoir, which is used for a range of water sports.

### URBAN FAMILY HOUSING

The central part of the site will be developed for a range of courtyard housing, with some like these pictured below in Amsterdam.

### HOME ZONES

The layout has been designed so that most housing fronts onto traffic calmed home-zone streets.

### FAMILY HOUSING

The southern part of the site include a range of family housing.

### MIXED USE AREA

The central part of the scheme includes a mix of workspace, leisure uses and apartments.

### WATERSIDE USES

The Loop will be a hub of activity with improved moorings, a pub, British Waterways Historic Working Boats and some watersports.
