

The Borough of Crewe and Nantwich have commissioned a team of consultants led by URBED in Manchester, to develop a masterplan for the town centre of Crewe. The plan aims to build on the proposed development of Delamere Place and the team will seek to create an identity for the town centre that enhances existing trade whilst encouraging new economic activity.

The deadlines are tight but we are committed to developing this strategy in partnership with the people and businesses of Crewe. To that end we have planned a Round Table Workshop to bring together stakeholders from all sectors to explore together a vision for the Crewe of the future and how we can get there.

We would be very pleased if you could join us at the workshop. Please turn over the page for all information.
